

PowerTeacher Quick Points:

In line with CCSS, ELA English encompasses Reading, Writing, and Language

Categories represent the types of learning events that students will be exposed to. Categories can be added, but should not be removed

Categories can be edited by double-clicking its name from the list on the left side pane. This allows for setting default values for that category

PowerTeacher Quick Points:

Reporting Term: F1 Mode: Calculations Grade Scales

Reporting Term	Start	End
F1	09/08/2015 Tue	06/15/2016 Wed
Q1	09/08/2015 Tue	11/08/2015 Sun
Q2	11/09/2015 Mon	01/24/2016 Sun
Q3	01/25/2016 Mon	04/10/2016 Sun
Q4	04/11/2016 Mon	06/15/2016 Wed

Calculate Q1 final grade using: **copy**

- Total points
- Term Weights / Standards Weights
- Category Weights

The default grade calculation is set to Total Points.

Schools have Grading Policies that require teachers to use a Weighting system to calculate grades.

Category weights can be added to represent the “weight” that each category will have in determining the students’ grade

* The COPY function can be used to copy the Calculations to other Terms and subjects

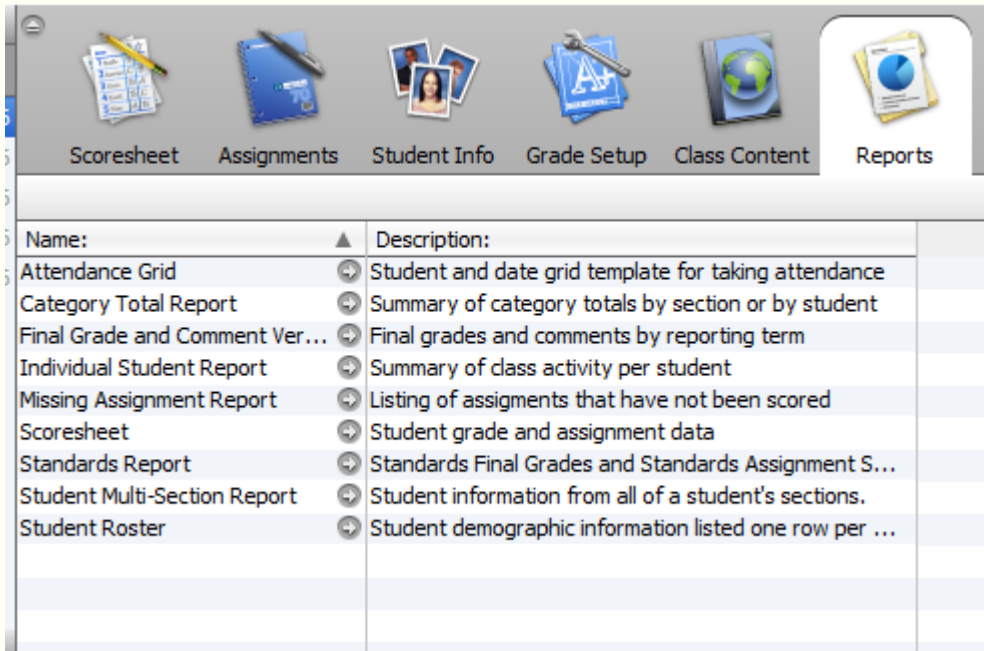

Calculate Q1 final grade using: **copy** *

- Total points
- Term Weights / Standards Weights
- Category Weights

Number of low scores to discard: 0

Name	Weight	Percent	Drop Low
Formative Assessment	20	20.000%	0
Homework	10	10.000%	0
Quiz	20	20.000%	0
Summative Assessment	50	50.000%	0

PowerTeacher Quick Points:

Reports that are useful to teachers and other school staff:

- Final Grade and Comment Verification
- Individual Student Report
- Missing Assignment Report
- Student Multi-Section Report
- **Standards Report (new)**
